Respected Friend
Capt C A Fulkerson

I have agreed with Mrs R. Nye
to take the 4 girls to occupy one State Room &
to live there for \$400. to be paid before you
sail. What did you understand I. Hart
was to charge you bill for making your
sails-- Please Remind of your care
the Price for Bolt in New to say--
Mr Lincoln wishes you to hire
the Cook. Martin up tomorrow
they want him--

An older sister of the above persons
has called here this evening & is very anxious
to go with you. The difficulty on her part
is to pay her passage-- She may be able to give security--
I advise this as she wishes a berth now
and for her at least in the present--
So you get some freight--

Yours truly
Oscar W. Richardson
